

Let's take a closer
look at what
Puddle™ can do!

Puddle™ User Guide

01

Download Ploinks® Puddle™

Download Ploinks® Puddle™

The Ploinks® Puddle™ is available to install now that you have subscribed to Ploinks® to complete the Ploinks Secure Personal Capsule™.

The minimum PC requirements necessary to install is

Windows 7.0 or higher

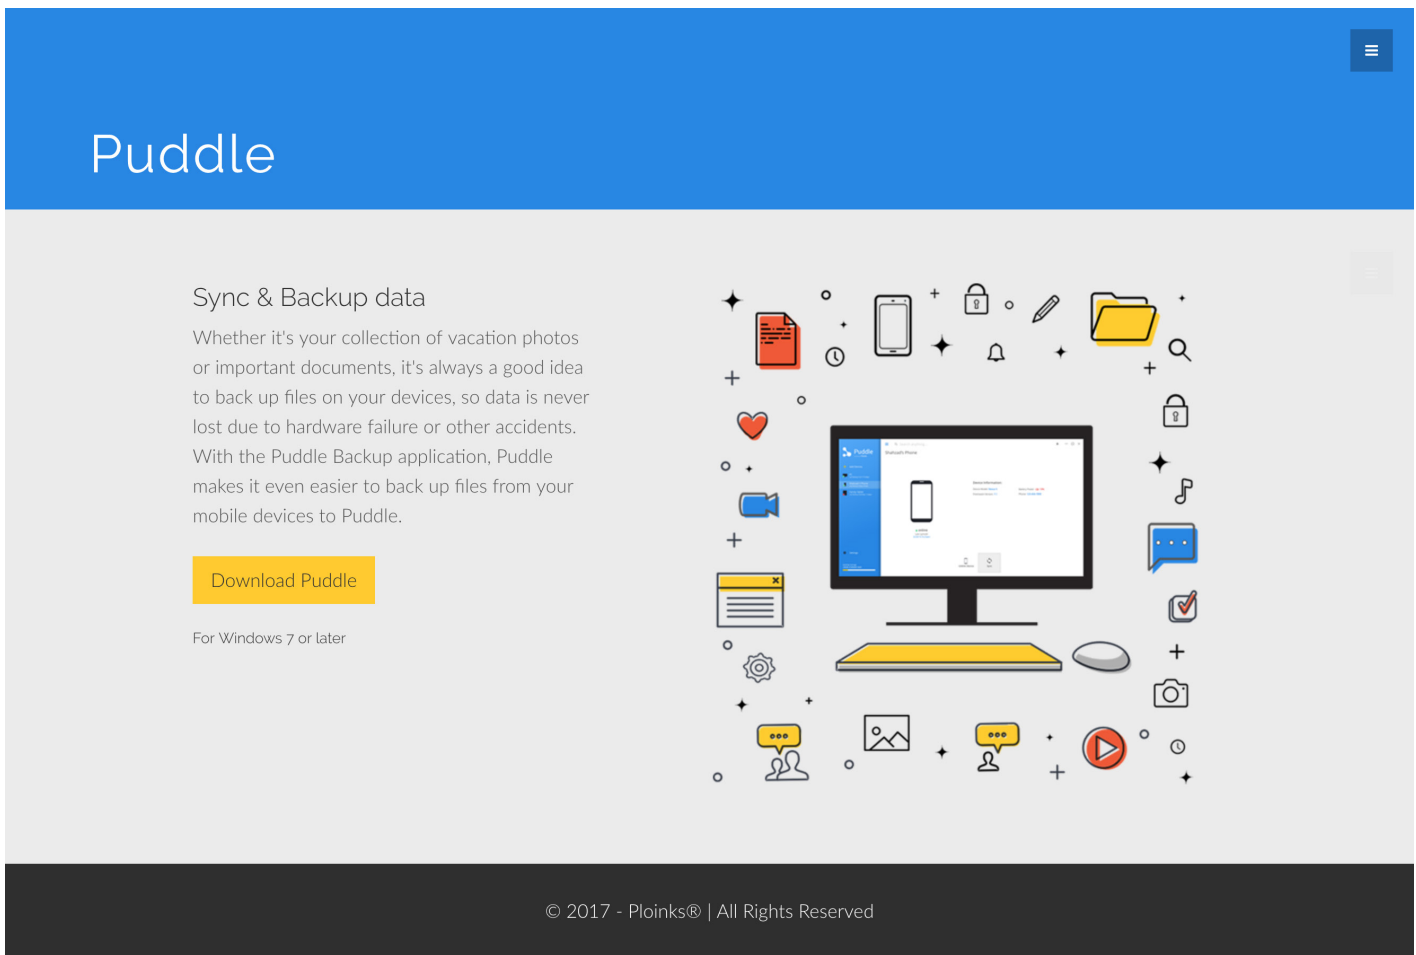

2 GB Ram

1 GB free disk space.

Using the browser on your PC, the first step is to go to:

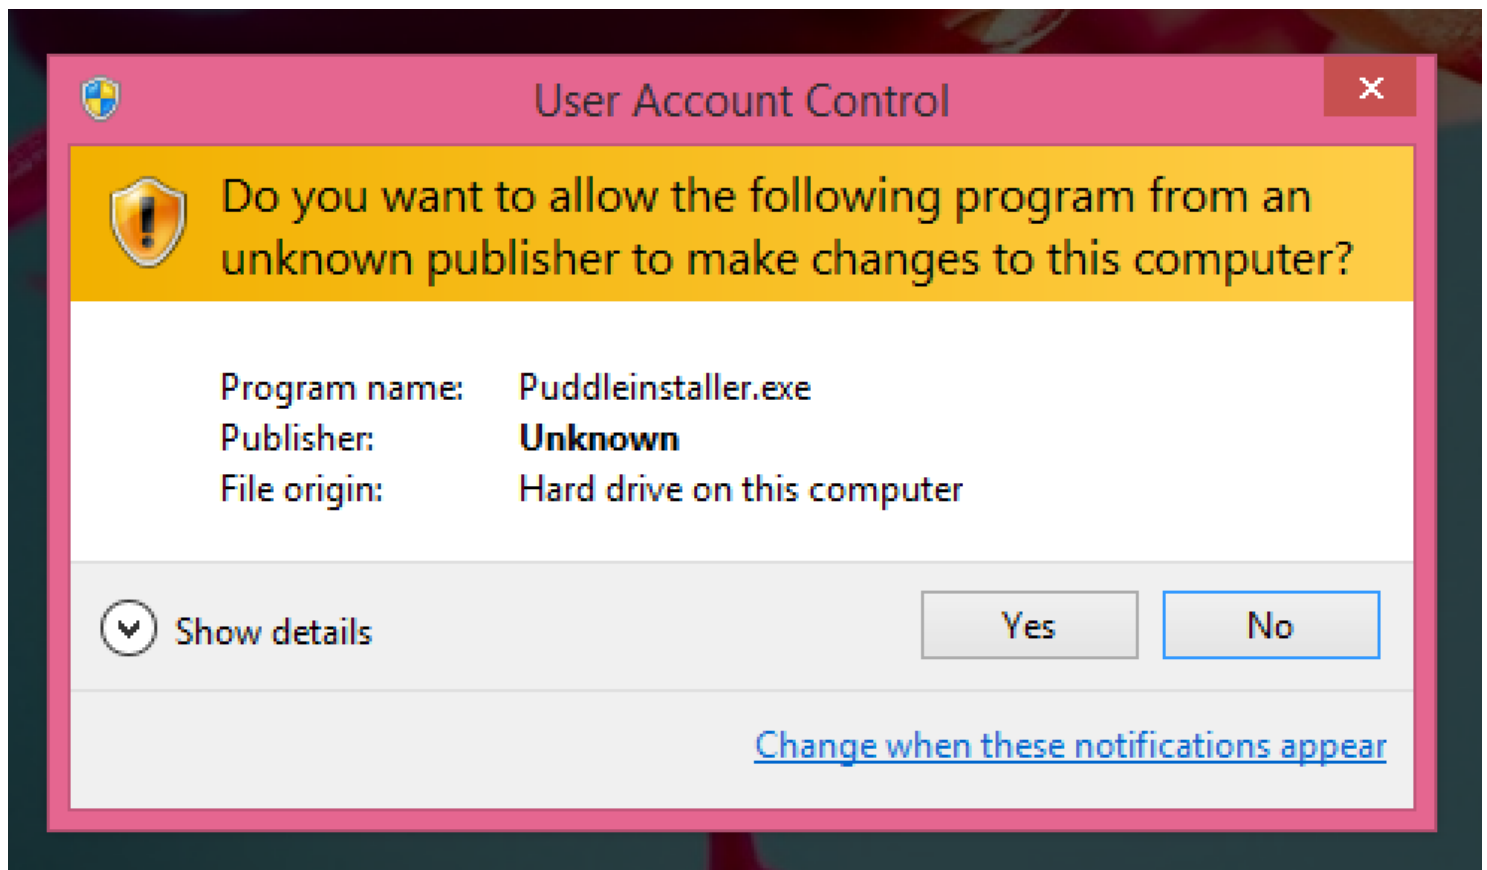

<http://www.ploinks.com/puddle.html>

This will open up the screen below.

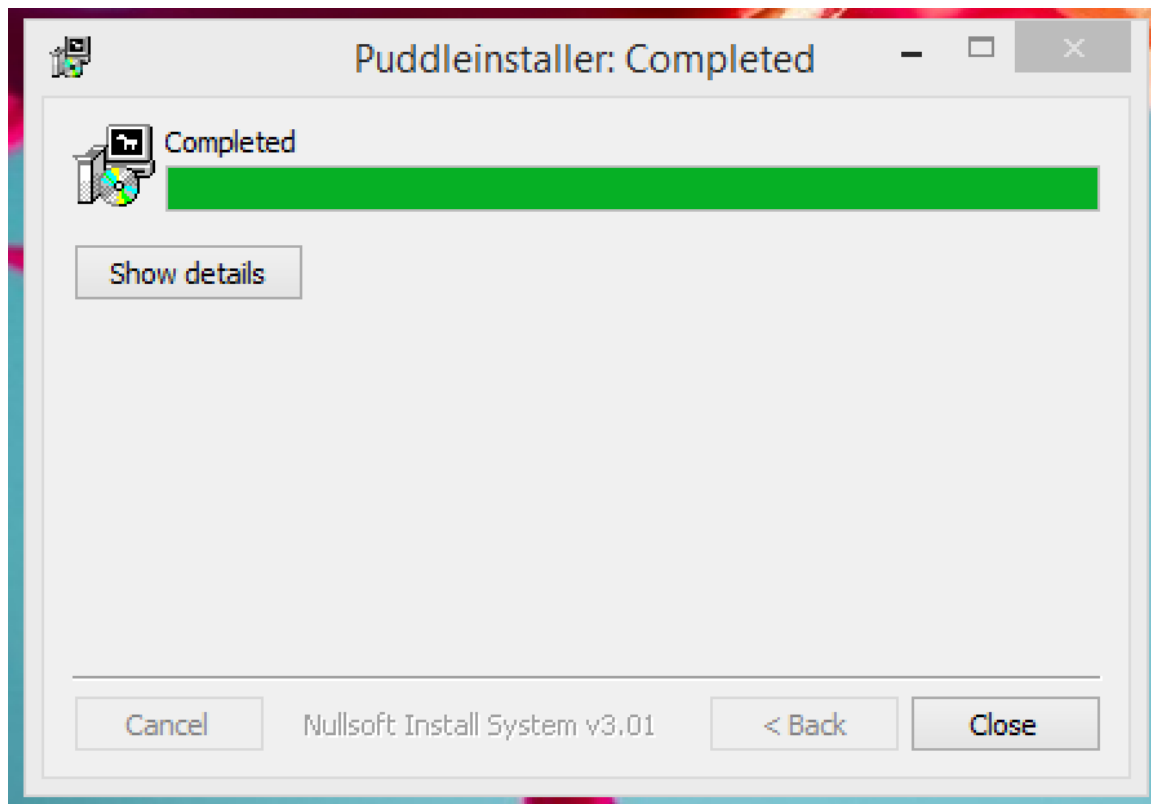

02 Install

Click on the downloaded installer and the Ploinks® Puddle™ install process will begin. After clicking on the installer, you will be prompted to allow the Ploinks® Puddle™ to proceed. Click “Yes” to continue the installation.

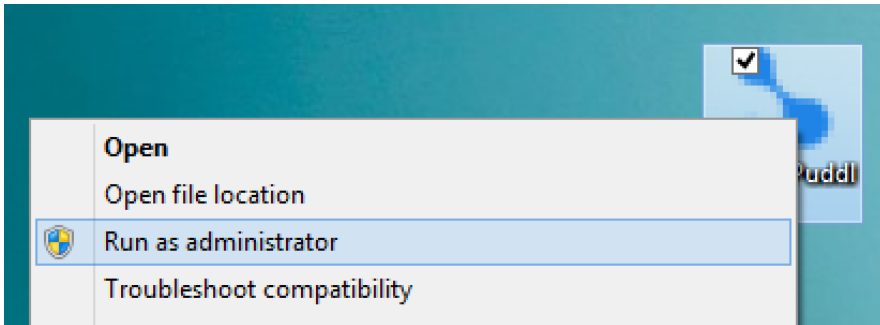

03 All Done!

That's it! The Ploinks® Puddle™ is now installed and ready to support your Ploinks® devices.

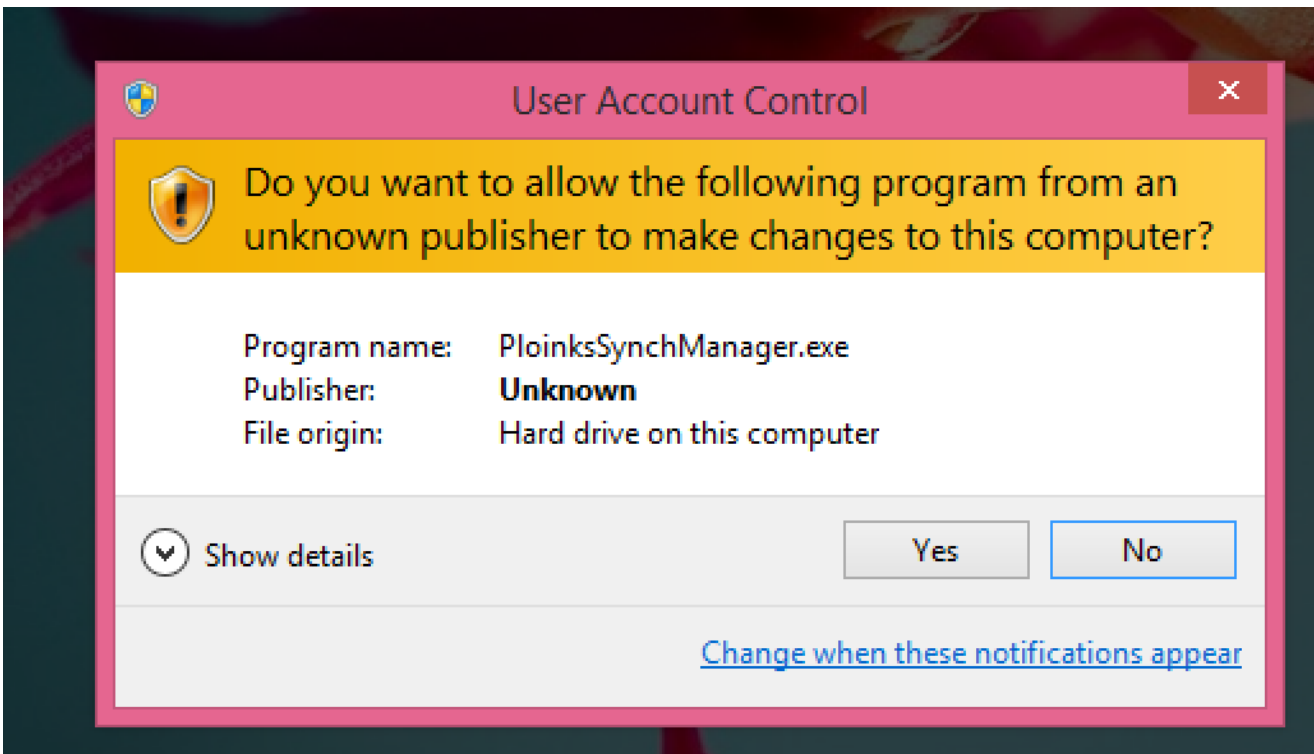

04 Launch Puddle

To run the Ploinks® Puddle™ for the first time, right-click on “Puddle” icon located on the windows desktop. Next click, “Run as administrator”.

You will be prompted to allow the Ploinks® Puddle™ to run on your machine. Click “Yes” to continue.

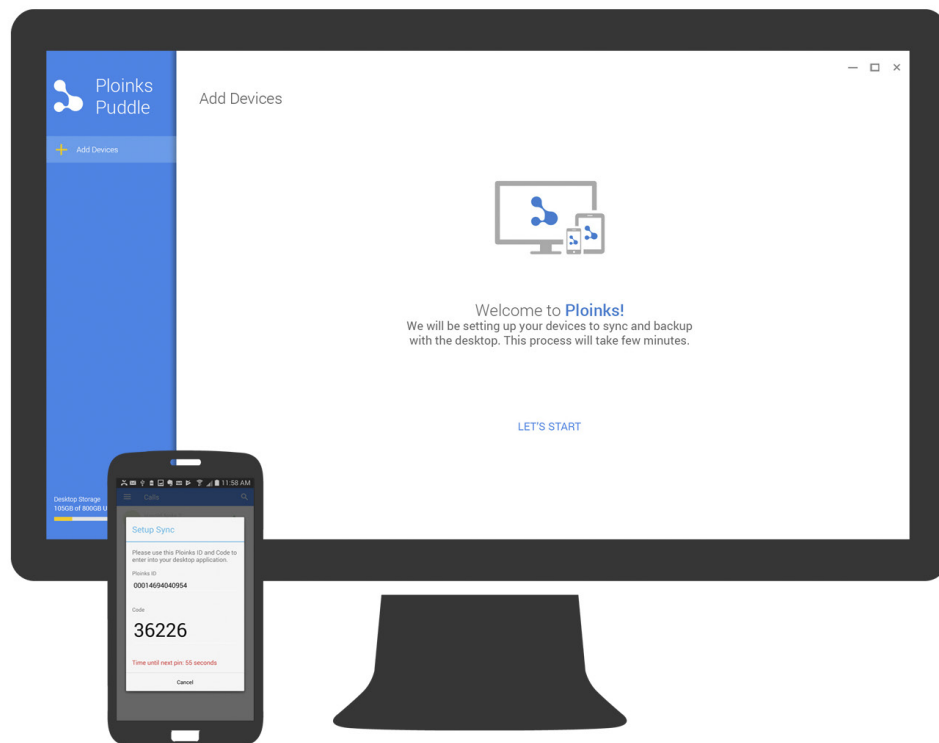

Welcome To Ploinks® Puddle™

Congratulations! You now have the Ploinks Secure Personal Capsule™ which provides direct peer-to-peer communications between you and your Ploinks® device, using a multi-level encryption channel. The information from your mobile device is backed up on the Ploinks® Puddle™ to provide support for your Ploinks® mobile device.

All you need to use Ploinks® Puddle is:

- Your Android smartphone with Ploinks® installed. *Please refer to the Ploinks® user guide for installation instructions.*
- Your Windows PC with the Ploinks® Puddle™ installed. *Please see below in section 1 how to install the Ploinks® Puddle™*

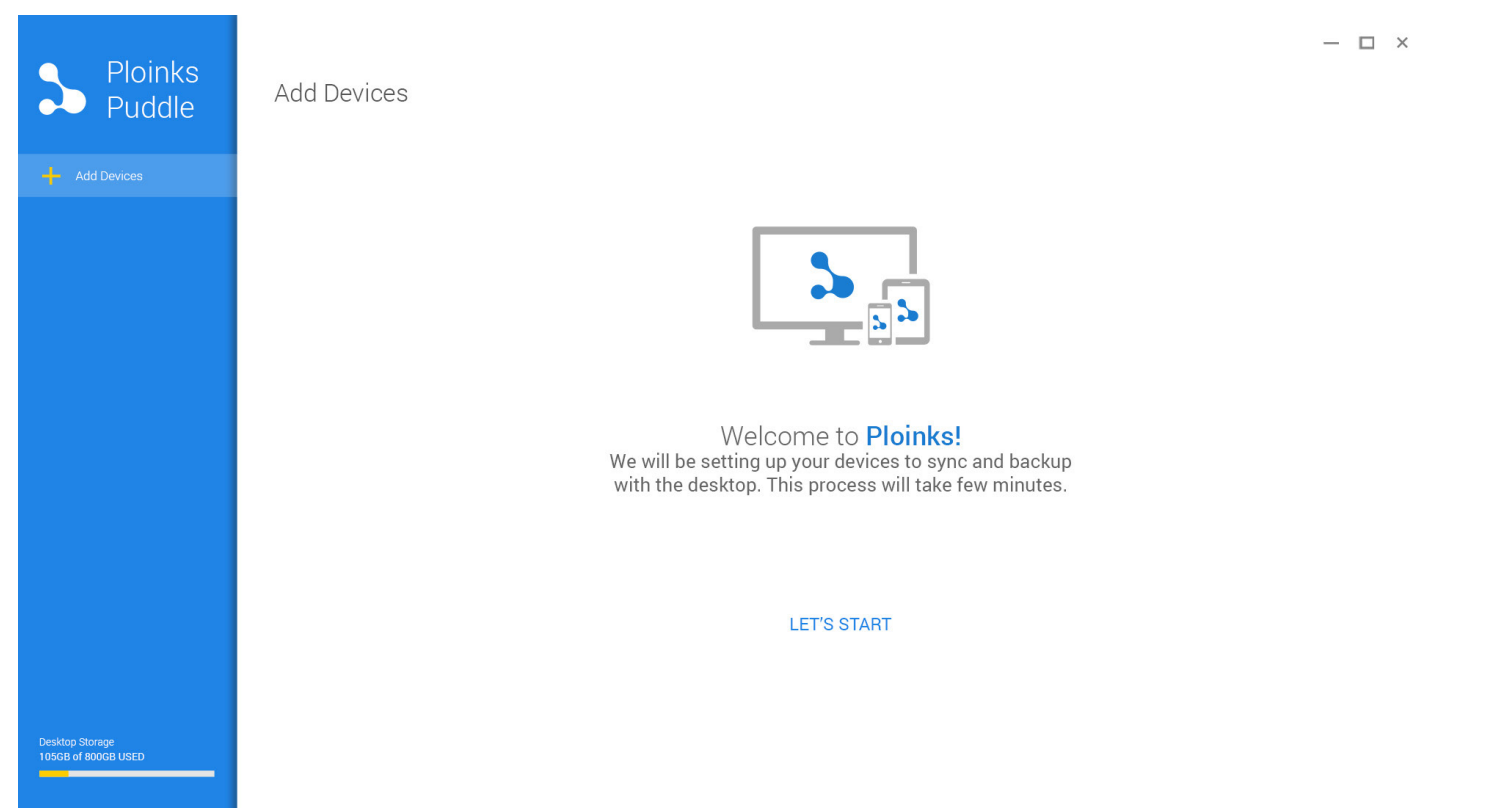

06

Add Devices

The first step in using the Ploinks® Puddle™ is to add and register new Ploinks® mobile device with your Ploinks® Puddle™.

This is easily done by clicking on the “Add Devices” at the top left corner of your screen or by simply clicking “Let’s Start”

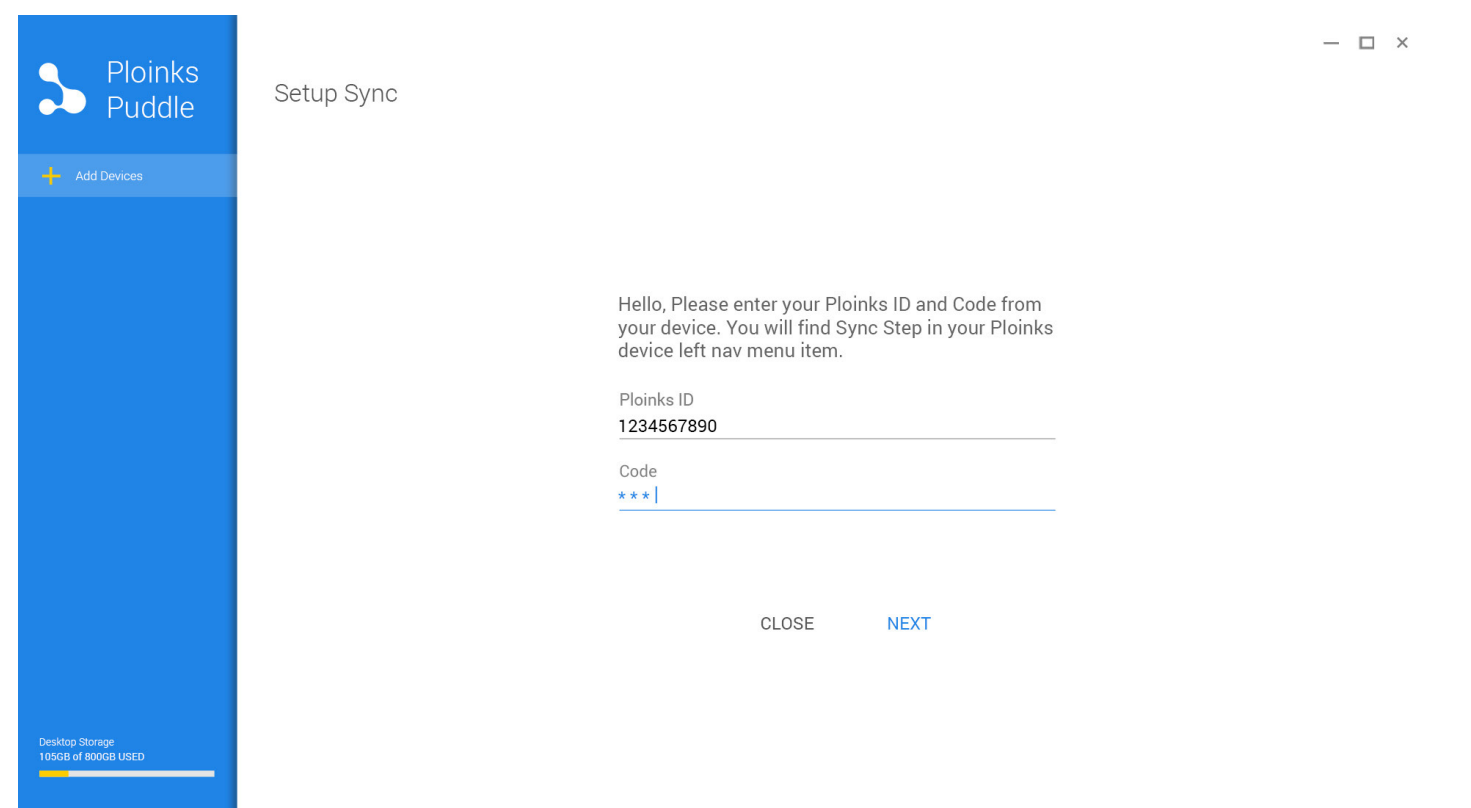

07

Setup Sync

To register your Ploinks® mobile device you must provide the Ploinks® ID and Sync Code for your mobile device.

To locate these numbers, please go to the Ploinks® mobile application and tap the “Setup Sync” menu item.

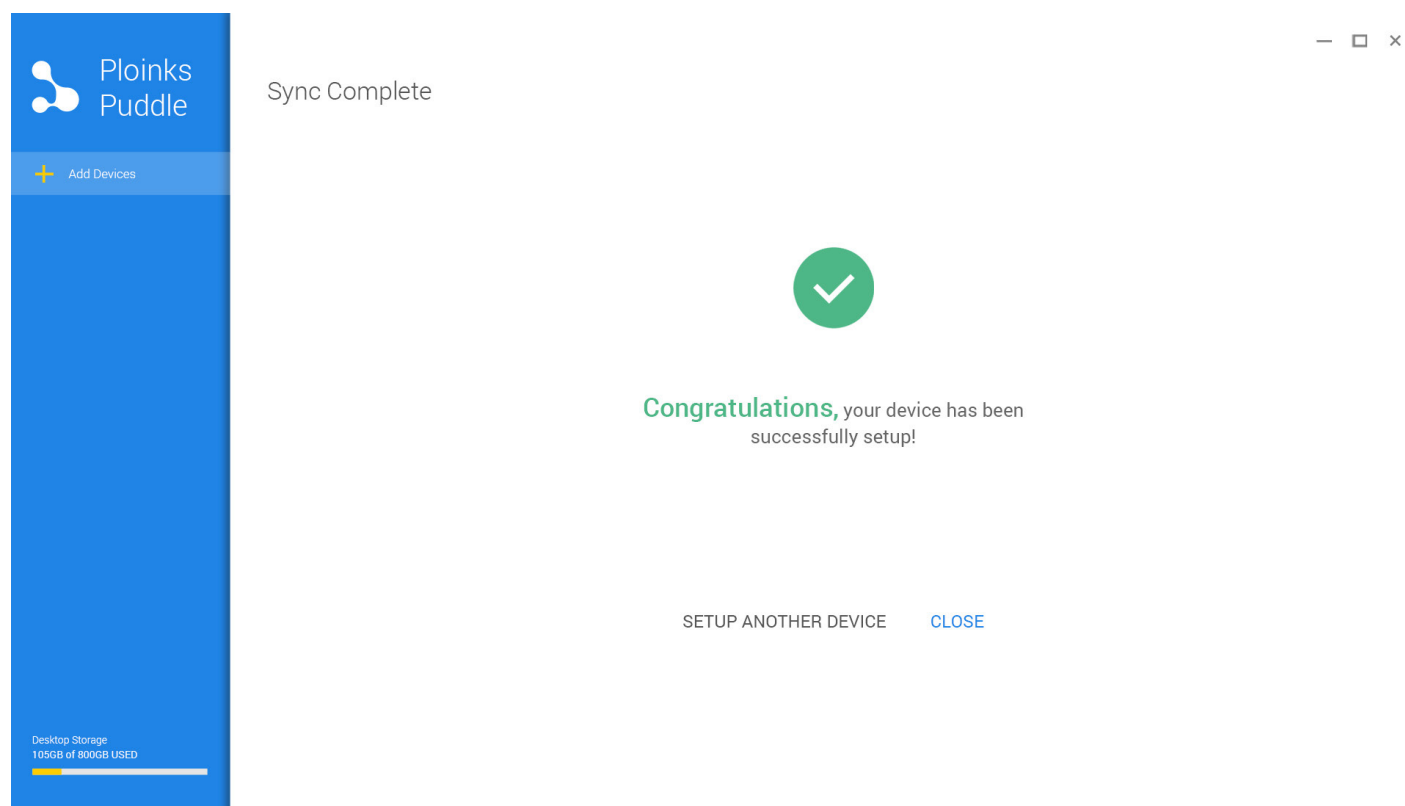

08

Sync Complete

All Done! Once you have registered your device with the Ploinks® Puddle™, the device will be shown as a device icon in the top left corner of the Ploinks® Puddle™.

The Ploinks® Puddle™ will automatically begin syncing securely with the Ploinks® mobile device.

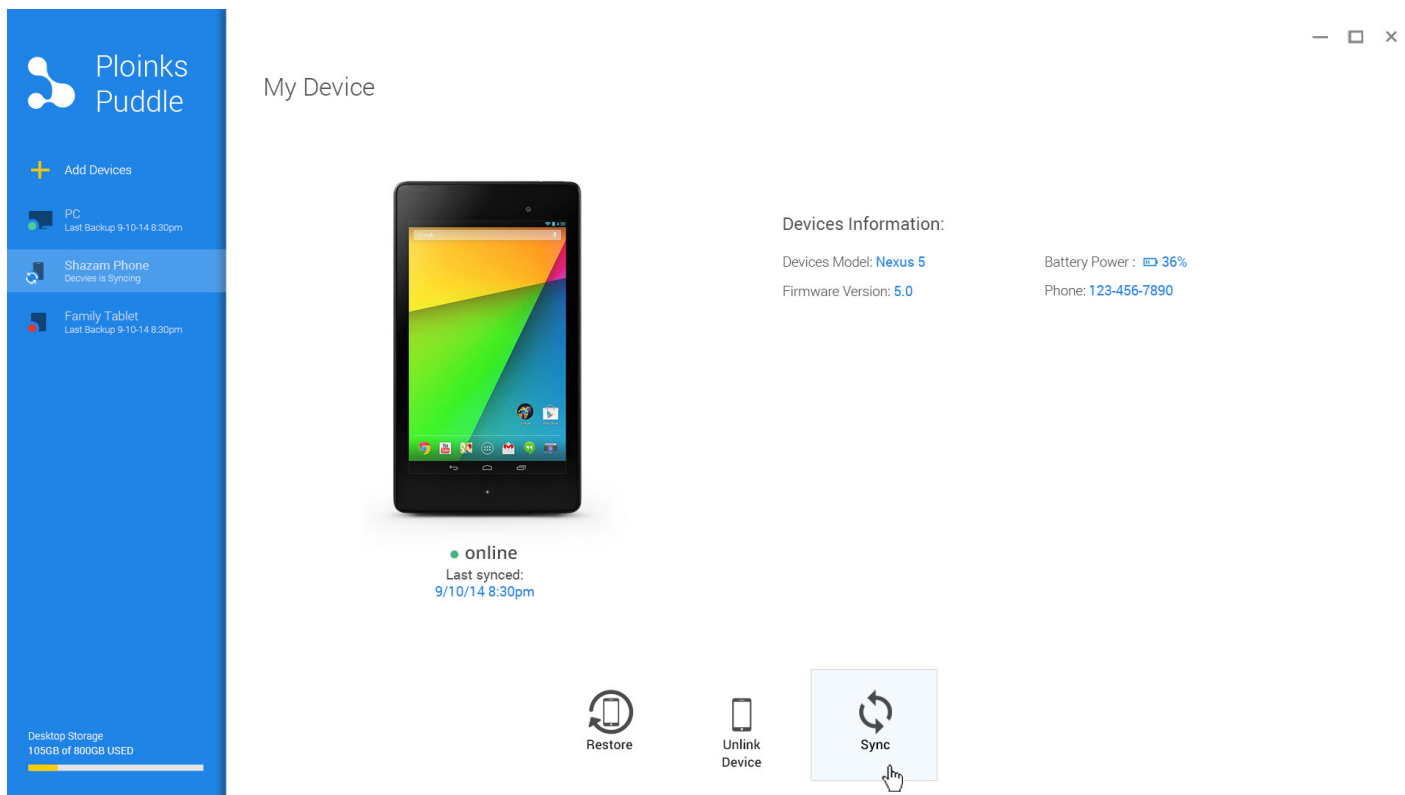

Devices Dashboard

You can view the status of your Ploinks® mobile device, restore files to your device or unlink your device from the Ploinks® Puddle™ at any time by clicking on the option buttons associated with your registered device.

Here are the menu options.

- “Restore” allows you to restore a previous backup from the Puddle back to your mobile device.
- “Unlink Device” will disconnect your device from the Ploinks® Puddle™.
- “Sync” forces the Puddle™ to begin a sync with your mobile device.
